About us

Charles Thomas Compassionate In-Home Care LLC is an entity of The Julia Ruth House Adult Day Center in Westwood, Massachusetts.

As Owner and Director of The Julia Ruth House, I have listened to families express the need for assistance at home when not attending the center. To address that need, we have formed Charles Thomas Compassionate Home Care LLC. (Charles and Thomas are the husbands of Julie and Ruth.)

The Charles Thomas agency will serve as a concierge agency of the Julie Ruth House, and it will focus on giving clients our utmost attention, stimulation, and socialization in the comfort of their own homes.

Our caregivers are experienced in working with those who need help in ADLs (Activities of Daily Living). We will redirect those that need to be, and we will stimulate our clients with music, reading, puzzles, board games, and story sharing.

At the Julia Ruth House, we cater to our guests in "our" home. The Charles Thomas caregivers will be catering to your loved ones in "your" home.

We look forward to helping you and your loved ones enjoy life to the fullest!

Regards,

Julia Irvine
